ABOUT KGEC

KGEC, West Bengal's one of the top-ranked institution, organizes its annual robotics hackathon:

Zyro, where sponsors gain visibility among the top young innovators.

KGEC's strong connections ensure your sponsorship reaches beyond our campus, that enhances your brand's exposure and impact.

WHAT IS ZYRO?

ZYRO is the **first-ever**, one-of-a-kind **offline robotics hackathon** in **West Bengal**, hosted by KGEC, one of the state's top-ranked engineering institutions.

A **hands-on** innovation event where participants **design, build, and program robotic systems** to **solve real-world problems**.

Focus on **practical application of robotics, embedded systems, and programming** encouraging students to convert theoretical knowledge into **working prototypes**

Offline hackathon ensures **mentors** and coordinators provide **technical guidance** and **safety supervision**

OUR THEME

ZYRO, the flagship robotics hackathon of KGEC, returns with the inspiring theme **“Sustainable Future, Sustainable Environment.”**

This edition encourages participants to innovate solutions that reduce environmental impact and promote long-term ecological balance.

From smart energy systems to eco-friendly robotics and automation, ZYRO challenges young minds to build technology that truly matters.

LOGISTICS OF ZYRO

We intend to keep the prize pool around **75k rupees**, for **top 3** places and **5 track prizes** excluding food and swags for all

ZYRO will take place in the **first week of April** at the Kalyani Government Engineering College. The event is planned for **24 hrs**

We expect a footfall of **250+ students** with expertise in diverse domains like **Electronics, IOT, AI/ML** etc

UTILISATION OF FUNDS

The money will be going towards the **venue, food, swag, emergency funds**, and anything else needed to run the hackathon. The **total estimated budget** is around **3 lakhs**.

The amount of sponsorship may be treated as a business expense under **Section 37** of the **Income Tax Act**, for which a certificate would be issued by the institute

WHY SPONSOR ZYRO?

Sponsoring ZYRO offers a unique chance to connect with top tech talent from **KGEC, IIITS,** and **leading engineering colleges across India.**

Early access to **student resumes and portfolios.** Showing your **products and APIs** for innovative minds.

Gaining **creative solutions** to your problem statements.

Inspiring and mentoring future tech leaders.

HOW YOU CAN HELP

Provide **monetary funds** for successful implementation of the program

Provide **tools, equipment, goodies or resources** like API keys

Sponsor **food and perks** during the hackathon

STATISTICS

In a past online editions of the **ZYRO** we received almost **400 students**, with impressions exceeding **50,000**.

Participants from premium institutes, notably **JU, IIT Kharagpur, IIT Dhanbad, NIT Durgapur, IIIT Kalyani** were in the mix.

WHY TIERS MATTER

HELPING YOU CHOOSE

- Tiers match budget to benefits.
- Higher tiers give more visibility and direct access to students.
- Tiers make sponsorship fair and simple.

PERKS BEYOND TIERS

- Sponsors can add an extra marketing stand for a monetary donation ₹3,000.
- Stand ensure direct contact with participants and attendees.

TIER ADJUSTMENT RULE

- Negotiated prizes that exceed a lower tier's upper limit will demote the sponsor down to the lower tier.
E.g. If a Title tier company's final offer is $\leq$ ₹40,000, it is placed in Diamond.

CONTACT US

We'd love to have you on board!

Is there something you have in mind? Or are you interested to learn more about our particular sponsorship packages?

Don't worry - Let's talk.

We look forward to the possibility of building a mutually beneficial partnership. Please let us know a convenient time for a meeting or call us to discuss this exciting opportunity further.
